

EXTRA-CURRICULAR ACTIVITIES

We like to develop a broad range of interests in every child. Therefore, many extra-curricular activities are offered in clubs that operate at lunchtime and after school. Teachers and parents offer their expertise in a range of areas, while sports coaches or language specialists lead some clubs.

The clubs change from time to time but in recent years the following have been on offer: Athletics, Recorders, Singing, Football, Netball, Orienteering, Rugby, Cricket, Art, Lacrosse, Computers, French, Spanish and Rounders. Membership of clubs is voluntary although a level of commitment is required of the children choosing to join.

Our school teams regularly play matches against other Primary Schools and in local Tournaments. All children are involved in musical and dramatic performances at some stage during their Primary School years
