

PROVISION FOR DISABLED PUPILS

It is a firm policy of the Governing Body that no child should be denied access to any aspect of the school or its curriculum by reason of disability.

We are fortunate that our site and buildings present relatively few difficulties of access for wheelchair users or others with restricted mobility, and the School's policy is to meet any case of need of access in an appropriate manner by the provision of such ramps, handrails or other aids as may be required.

Our policy is also one of integration of all pupils insofar as this is practicable, and the Governors intend that any disabled pupil will, as far as possible, be treated on equal terms with other pupils. We endeavour to provide information in an accessible format where practical.

CHILD PROTECTION PROCEDURES

In order to promote the safety and protection of the children in the school and to comply with Department for Education and Employment and Working Together guidance, the school has a duty to refer any concerns about the well being of its pupils to the Social Services Department. The School's Child Protection Liaison Officer is Mr. I. Rumbelow.
