

START OF THE DAY

The road outside school is very busy. Please take care when delivering your child. Parents should not stop or park on the yellow zigzag lines directly outside the school. You may wish to park at the village hall car park and walk the short distance to school. Parents are encouraged to car-share where ever possible to reduce the number of school run journeys. Cycle racks are available for children to use behind Fire Class.

The children must wait on the playground until they are collected by their class teacher.

We ask that you do not arrive in school before 8.50 am. The start of the morning is a very busy time for teachers who are preparing resources for the lessons.

Please do not allow your child to be late either. The day starts promptly at 9.00 am. Lateness is marked on the register. It is very important that every child is ready to start their lessons on time. We shall, of course, understand when circumstances conspire to make you late. We have all suffered with car trouble! On these occasions children should then be brought to the school office.

END OF THE DAY

At the end of the day parents meeting children should wait on the playground or outside Water Class. Teachers can then see that children are met by the appropriate adult. Children must not leave the playground without the appropriate adult. Any children walking or cycling home must inform their teacher before they leave.
